Abstract

I am a beginner full-stack developer with hands-on experience in AI-based projects, who enjoys learning and building things that solve real problems. I am curious, quick to adapt, and always open to learning new technologies. I like being creative with my work, experimenting with ideas, and improving through practice and feedback. I work well in teams, stay positive while solving problems, and am motivated to grow my skills while contributing meaningfully to college projects and internships.

Education

Thakur College of Engineering and Technology
Bachelor of Engineering (B.E.), Computer Engineering
CGPA: 7.6 (Average of 2 years)

2023–2027

Technical Skills

Languages: C, C++, JavaScript, TypeScript
Web: HTML, CSS, React.js, Node.js
App Dev: Flutter, React Native, Firebase
Database: MySQL, MongoDB
